

## Piano Fingers

Fingers galloping, running and hopping  
Swaying on the keyboard like leaves in the wind.

A leaf gets picked up and carried away.  
It swirls into a stream gently, now faster and wilder

Carried into the ocean and swallowed by a giant squid.  
Bobbing around and squirted out in a cloud of ink.

In the distance it sees another leaf. A friend!  
Both hands now in sync like friends walking together.
